Facts

This time of year is perfect for snuggling up in front of the fireplace with a cup of hot chocolate and a really good book. Even better, snuggle up with your children and read with them. Reading develops the mind and imagination. While reading with your children stop every once in a while and ask them what is going to happen next. Ask them if they can think of a better ending. This will help develop your child's creativity.

December 19, 2014
